March 2006

## Invoice and Bill of Lading Requirements

We will no longer require store agents to return invoices or bills of lading to us. In the past we had asked that the invoices and bills of lading be returned as verification that you received your order without errors or breakage. We feel this is an unnecessary step to take. You will only need to send a copy of the bill of lading in case of any transportation breakage or a shortage on your order, along with your application for credit form (VAC). So as long as we don't receive word from you that we need to make adjustments to your order, that will serve as verification enough that your order was received without inaccuracies or damaged merchandise.

## New Payment Option

There is a new payment option available to store agents that use a Federal Employer Identification Number (FEIN). This service, Business Tax Express, is a convenient method of paying your liquor store payments online. Payments may be made using a checking or savings account or a credit card. The direct debit from your checking or savings account is **free**; however there is a charge for using your credit card. As of right now this service is **only** available to those store agents that use a FEIN. A flyer has been sent to all store agents that qualify for this payment option. If you have any questions or would like more information please go to <https://app.mt.gov/bustax/> or call Greg or Mickey at 1-800-332-6135.

## New Option to Submit Orders

If you have email capabilities and your computer has Microsoft Excel installed, you may now submit your liquor orders electronically to us. This great new addition to the ordering process will save you from faxing your orders weekly. These forms will include any regular listed, warehouse supply and special order products you have purchased in the past 12 months. If you are interested in having your orders processed this way, please contact Steve Swanson.

## Write-in Order Forms

Extra write-in order forms were recently sent to you. Copies will not be acceptable as they will not scan properly. Please call Lori at 1-800-332-6135 if you need more forms.
